The Church of the Covenant 2016 Mini Mission Guide

At The Church of the Covenant, we actively and enthusiastically participate in Christ's ministry in the local community and throughout the world. There are several ways to become involved in The Church of the Covenant's Mission Ministry. One of the best ways to help is sharing and donating our time or personal talents helping others. We offer many opportunities to do so throughout the year. The other way to help is with financial support or supporting those events the Church sponsors to raise funds to support our Mission work. This Mission Guide is intended to give you an idea of the local, regional and international Mission projects The Church of the Covenant supports.
